The screenshot shows the 'Accounting Template' configuration page in the Kastle Universal Banking (Beta) application. The page has a top navigation bar with the date '04-Nov-2022', language 'English', and user 'ANANT'. A left sidebar contains a 'Finance' dropdown and a list of configuration options: 'Business partner setup', 'General ledger configurat...', and 'Accounting setup' (which is selected). Below these are expandable sections for 'Accounting book definition', 'Account Category', 'Chart of accounts definition', 'Accounting scheme definition', 'Accounting scheme event mapping', and 'Financial statements configuration'. The main area is titled 'Accounting Template' and contains a form with the following fields: 'Template Type' (CUSTOM_TEMPLATE), 'Book Name' (Testing_08), 'Effective Date' (24-Mar-2022), 'Book Type' (empty), and 'Remarks' (Okay). The bottom of the page has a blue bar with 'Home' and 'Preference' buttons.

(S) Check the created already and trying
to create same accounting book

(F) Check the Functionality of the GL2
Module

This is an identical screenshot to the one above, showing the 'Accounting Template' configuration page in the Kastle Universal Banking (Beta) application. The page layout, including the top navigation bar, left sidebar, and main form fields, is exactly the same.
