The screenshot shows the Azentio ONEBanking web application. The top navigation bar includes the date '26-Nov-2022', language 'English', software version 'Azentio Software', user '(AZENTMAIN)', and a profile icon for 'ANANT'. The left sidebar menu is expanded, showing the 'Finance' section with a search bar and a list of reports: Reports, Financial reporting, Enquiry, Petty cash, Master reports, Transaction reports, Asset replacement report, Asset impairment loss booking report, Asset return report, Assets re-valuation report, Asset allocation report, Asset de-allocation report, and Asset Amendment Report. The 'Assets re-valuation report' is highlighted. The main content area is currently blank.

The left sidebar menu is also identical, with 'Assets re-valuation report' highlighted. The main content area displays the report title 'Assets Re-valuation Report' and a sub-header '*Re-valuation of Assets As On'. Below this is a date selection field with a calendar icon. A 'VIEW' link is located in the top right corner of the main content area.

Below the search bar, there is a large, empty rectangular area, likely intended for a table or chart. The top of the interface includes a header with the date '26-Nov-2022', language 'English', and user information '(AZENTMAIN)'. A 'VIEW' link is located in the top right corner.

This screenshot is similar to the one above, showing the 'Assets Re-valuation Report' page. However, the search bar now contains the date '26/11/2022'. The main content area below the search bar is still empty, suggesting that the report data has not yet been loaded or is filtered out. The interface elements, including the sidebar menu and top header, are consistent with the previous screenshot.
