The screenshot displays the Kastle Universal Banking application interface. The top navigation bar includes the date (21-Oct-2021), language (English), software version (Azentio Software), and user information (ANANT). The left sidebar shows a list of finance-related modules, with 'Budget definition' highlighted. The main content area is titled 'Budget Definition' and contains a table with the following data:

Actions	Budget Code	Budget Name	Budget Type	Status	Created By	Create date	Modified By
<input checked="" type="checkbox"/>	BUD987Test	Test	YEARLY	Active	1002435	31-Dec-2021	1002435

Below the table, it indicates '1 total'. The bottom navigation bar shows 'Home' and 'Preference' options.

and view budget code

(F) To check BudgetDefinition moduel
feature

This screenshot is identical to the one above, showing the Kastle Universal Banking application interface with the 'Budget Definition' module active. The table contains the same data: one budget entry with code 'BUD987Test', name 'Test', type 'YEARLY', and status 'Active'. The interface elements, including the sidebar, top bar, and bottom navigation, are consistent with the previous image.
