feature

The screenshot shows the 'Budget Definition' form in the Kastle Universal Banking application. The form is titled 'Budget Definition' and has a back arrow icon. It contains several input fields: 'Budget Code' (with value 'BUD001'), 'Budget Type' (a dropdown menu), 'Warning Percentage' (a text field), 'Budget Name' (a text field), and 'Remark' (a text field). The 'Budget Code' field is highlighted with a green border. The 'Budget Name' field has a small icon next to it. The form is part of a larger application interface with a sidebar on the left containing a list of configuration options: 'Business partner setup', 'Accounting setup', 'General ledger configuration', 'Expense/AR & AP configurati...', 'Budget configuration', 'Budget definition' (selected), 'Fixed assets configuration', 'Inventory maintenance', 'Bank recon', and 'Petty cash configuration'. The top of the application shows the date '21-Oct-2021', language 'English', and user 'ANANT'. The bottom of the application has a navigation bar with 'Home' and 'Preference' buttons.

(Step) AFTER_STEP - stepdefinitions.

(S) To verify maker can able to create
budget code with invalid details

(F) To check BudgetDefinition moduel
feature

This screenshot is identical to the one above, showing the 'Budget Definition' form in the Kastle Universal Banking application. The form contains the same fields: 'Budget Code' (BUD001), 'Budget Type' (dropdown), 'Warning Percentage', 'Budget Name', and 'Remark'. The sidebar on the left lists the same configuration options, with 'Budget definition' selected. The top of the application shows the date '21-Oct-2021', language 'English', and user 'ANANT'. The bottom of the application has a navigation bar with 'Home' and 'Preference' buttons.
